IMPERIAL RUSSIAN STOUT

BEHIND THE BREW

Inspired by the union of new ingredients with an authentic British recipe from the 1840s, our sixth Union Series beer combines massive malt character from brown, black, chocolate, and heritage pale malts with huge amounts of Olicana and Minstrel hops — two new British varieties. Aged for six months and featuring notes of licorice, bitter chocolate and dark fruit, this powerful export stout brings the intensity.

PACKAGED DECEMBER 2017
12oz bottles in 4-packs and draft
